

ALEXANDRIE – RAMLEH

This study describes the Postal History of the Ramleh area and the evolution of the railway Alexandria-Ramleh from 1863 till 1929.

Ramleh is located east of Alexandria and was inhabited since 1860 mainly by Europeans and wealthy Egyptians. Especially for them, a private railway was built.

Over the years, different cancellations of stations disappeared and new post offices came into.

Registered envelope 2 Fl with additional part of 1 Fl (Organization fee)
