The
Philatelic Society
 of Egypt

... The Philatelic Society of Egypt is a serious organization for serious collectors. Its roster is open to but two types of collectors: A. Students who have specialized in the stamps and postal history of Egypt and neighboring Near East lands and who are anxious to further their own knowledge and to share the results of their researches with other philatelists, and B. serious collectors who desire to learn more about this exciting specialty field.

... Members of The Philatelic Society of Egypt are to be found everywhere. The society is the largest and most active group of specialists in the entire world.

Benefits of membership are many: an exchange circuit, through which stamps may be bought, sold and exchanged . . . a new issue service through which all Egyptian stamps are furnished as they come out, at face value . . . want-list service of all current Egyptian stamps, postal stationery, booklets, etc., at face value expertization service . . . photographic service . . . a subscription to "L'Orient Philatelique."

Inquiries are invited from prospective members.
