

CHRISTMAS GREETINGS FROM EGYPT.

Dear Friends :

This picture wasn't taken on Christmas Day, but everything in it has the Christmas spirit.

The automobile used to be a 1928 five-passenger Studebaker touring car until ten Cairo firms rebuilt it and made us a present of it. Nobody knows its capacity now !

Its load is a club of underprivileged boys who work in a Cairo clothing factory. They are on their way to the Pyramids. Only one of the 27 had ever been there before.

The two fellows in front are University students. A group of six of them run the underprivileged club, do all the work and pay all the bills.

What you are doing to make this job possible puts a lot of meaning into Christmas on this side of the world.

So a Merry Christmas from us all,

(كل عام وانتم بخير)

Mr. and Mrs. WILBERT B. SMITH.

60, Sharia Ibrahim Pasha Cairo.
