

Egypt

Third Issue.
 First Printing 1872.
 Perf $13\frac{1}{2}$.

10 Para.

The left hand vertical perforation is shorter than the other 10, because the sheet had to be turned round due to the narrowness of the margin. The first vertical row was therefore perforated in the other direction.

Perf $12\frac{1}{2} \times 13\frac{1}{2}$.

Plating.
